Both Sherwood and Proise are Eagle Scouts.

North Shore Area Council Schedules a Scout Camporee

A colorful 50th Anniversary Jubilee Camporee is being planned for the 4,200 Boy and Explorer Scouts of the North Shore Area Council July 22-24 at Deere Grove Forest Preserve near Wheeling.

The North Shore Area Council includes western Lake county.

"The Camporee is timed to coincide with the National Boy Scout Jamboree at Colorado Springs," said Russell Hoover of Glenview, chairman of the celebration.

"Our goal is part of a nationwide effort to have every boy in Scouting under canvas during that weekend," he said.

North Shore Area Council officials expect about 2,000 of the 4,200 Boy and Explorer Scouts and 3,000 Cub Scouts will participate in the activities near Wheeling.

Another 160 Scouts in the Council will be attending the National Jamboree and 500 more will be at Camp Ma-Ka-Ja-Wan near Antigo, Wis., over the weekend.

Activities being planned for the Camporee include avenues of troop flags, night tests, conservation demonstrations, and exhibits and participating in Scouting skills.

Each unit participating will be judged on the basis of how well campsites are set up.

The Antioch delegation to the National jamboree will leave for Colo-

rado Springs Monday afternoon from the LaSalle street station in Chicago.

After the Jamboree the entire 160-Scout group from the North Shore Area Council will tour the Western states.

Those from North Shore Area Council who will make the trip from this vicinity are James Brusk, Antioch, assistant scoutmaster; his son, Jay, a first class scout; Dave Sherwood, junior assistant scoutmaster, and Richard Proise, patrol leader of the Panther patrol, both Eagle Scouts from Lake Villa.

They will return home on Aug. 2. A general encampment in preparation for the Colorado Springs trip was held last weekend at the Nike site near Half Day.

Louisville Man Named President of Lions

Finis E. Davis of Louisville, Kentucky.

Finis E. Davis of Louisville, Ky., was elected International President of Lions International at the association's 43rd annual convention in Chicago.

William Brook, Dr. James Kopriya, Maurice Loven and Clarence Olson of Antioch were among those attending from this area.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind.

Brook said concerts by high school bands, particularly by a band for the blind, were most impressive at the convention.

New Saving Institution Opens Here

Antioch's newest thrift institution, Antioch Savings & Loan, has opened its doors in the newly remodeled building at 950 Main st.

As an opening gesture, the board of directors authorized that payments of dividends on all deposits made during July be made retroactive to the first of the month.

President of the new institution is Dr. John C. Vermeren of Chicago and Evanston. Executive vice president and managing officer is Frederick J. Walpole, also of Chicago.

Both will move to Antioch with their families in the near future.

"The grand opening of Antioch Savings & Loan culminates a dream of a number of outstanding businessmen in the area who felt for many years that this growing community needed an institution of this type," said Walpole.

The move was sparked by Otto Kerner, former Cook County judge and an Antioch summer resident; Attorney Edward C. Jacobs; Dr. Edward R. Abderholden; Howard K. Gaston, printer and manufacturer; Joseph J. Patrovsky, partner in the Antioch Packing House, and Homer LaPlant, masonry and general contractor.

Vermeren resigned as director of Uptown Federal Savings & Loan Association of Chicago, a \$80 million institution, in order to become president of the new association in Antioch.

He in turn brought in Walpole, who was an assistant vice president of the Chicago Chapter of the American Savings & Loan Institute.

"The organizers felt that with this type of executive management all their efforts would only be crowned with success in the opening of the new institution," Walpole said.

"As is well known, the savings and loan industry is primarily motivated by a desire to make possible the easy accumulation of savings accounts, and thus promoting thrift in the local community—and on the other hand making available to this same community adequate financing for homes, construction of new housing projects, and improvement and modernization of existing home properties."

All residents of the area are invited to visit the new association quarters during the grand opening celebration, now through Aug. 15.

Directors' wives will act as hostesses, assisted by the two permanent employees of the association, Arlene Olszewski of Antioch, bookkeeper, and Rose Marie Larsen of Lake Villa, teller.

Special gifts will be provided persons opening accounts of \$200 or more during the grand opening.

Eckert Shows Seals

George C. Eckert of R.R. 1 recently exhibited his famous collection of Christmas Seals at a meeting of the Lake County Tuberculosis Assn. at the new Illinois Beach State Park Lodge, Eckert, of Indian Point, has a sample of every Christmas Seal issued by the Lake County association with the exception of the first one, which came out in 1908.

Moose Hosts Orphan Kids

Twenty-four happy kids and almost twice that many happy adults romped Sunday at George Jaros' Northshore Resort on Lake Catherine.

"It was like Christmas in July," said Earl Hogan, chairman of the sixth annual outing for orphans.

The yearly event, sponsored by the Rod and Gun club of Loyal Order of Moose No. 3, Chicago, brings two dozen boys, ages 9-11, to the resort from a different orphanage each year.

Sunday's youngsters, from Maryville at Des Plaines, were brought to the party by members of Teamsters Local 25 of Chicago, which sent out a bus.

Hogan said the youngsters, accompanied by almost 40 "big brothers" from the rod and gun club, spent the morning fishing, followed by a chicken dinner. In the afternoon there were games, prizes, and lunch of the fish they caught.

The youngsters wound up the day with a wiener roast, and took home a number of gifts donated by friends of Moose members.

Aqua Center Swimming Classes Start July 18

The second session of swimming lessons at the Antioch Aqua Center will begin at 9:30 a.m. on July 18.

Parents wishing to register their children may do so at the pool any morning from July 11-18.

Classes will be offered for beginners, intermediates, and swimmers.

Beginners and intermediates will meet two days a week, either Mondays and Wednesdays or Tuesdays and Thursdays. Swimmers will meet Fridays from 10:45 a.m. to 1 p.m.

Mothers may take lessons right along with their children, according to Mrs. Karen Baird.

Rates are \$3 per child per session. Families entering more than one child may register the additional children at \$2 each.

County Officials to Honor Congressman

Candidates for the General Assembly and for county offices will attend a tea Friday honoring Marguerite Stitt Church, congresswoman from the 13th District.

The tea, sponsored by the Antioch Township Republican Women's Auxiliary, will be held in the W. C. Petty home on Spafford street, from 2 to 4 p.m.

Mrs. William G. Stratton Sr., mother of the governor, will also be present.

All area women are invited to attend and meet Mrs. Church, who is seeking re-election to congress.

Conrad at Journalism School in Evanston

More than 500 high school students from throughout the United States are attending the 31st National High School Institute at Northwestern University.

Among them is Daniel Lynn Conrad, R.R. 3, Antioch, who is enrolled in the journalism division.

The 107 students in that division receive training in newspaper, magazine, and yearbook editing, and attend classes in contemporary affairs.

91 Degrees!

Antioch was the hottest place in Lake county this week. Weather observer Roy Kufalik reported a high temperature Tuesday of 91 degrees. It was the first 90 degrees day reported in 1960, and this was the only part of the county where the thermometer climbed past the 80's.

Take The Pooch On Your Trip!

"Should we, or shouldn't we?"

This is a question—and a difficult one at that—that perplexes vacationing dog owners about this time of year. Whether to take your dog along or leave him behind is no easy decision.

Sometimes it's better for the children, the parents—and certainly the dog—to take him (or her) along, according to the Chicago Motor Club.

If you decide that "Fido" and the family will enjoy their vacation together, plan ahead with these suggestions from the motor club's touring department:

—Before you leave, find out if your dog gets car sick. Your veterinarian can give you sedatives or tranquilizers that will help quiet him, and advise you on other items for the dog's comfort. Stop frequently to give your dog an airing; everybody will enjoy the chance to stretch.

—Keep your dog in the back seat, away from the driver, but don't let him hang his head out the window.

—If your vacation will take you across state or international borders, you'll probably need a health or rabies certificate for your pet. See your veterinarian before you leave so that your dog can have a check-up and necessary vaccinations.

—The time to find out whether dogs are permitted at the hotel or motel of your choice is when writing for reservations, not when you arrive. This can prevent embarrassment and delays.

The American Automobile Association recently conducted a survey among several thousand motel operators to determine guest problems. About half of the motel operators said that most of their guests travel with their pets. One-third of the establishments accept them, the survey showed.

A small percentage of motel managers said they welcome pets—that they are better risks than some people. One motel manager wrote, "Pets are welcome. They do not smoke, they do not drink, and do not spill things on rugs. They are not price conscious. We love 'em."

MEETING POSTPONED

LINDENHURST—The Lindenhurst Village Board will meet Monday, July 18. The regular meeting scheduled for last Monday was postponed because of absence of board members from the community.

County Fair to Begin on July 27 4-H Clubs Will Exhibit at Event

The 32nd annual Lake County Fair and 4-H Club Show will be held July 27-31, Ray T. Nicholas, county farm adviser, has announced.

The Lake County exposition, recognized as one of the top county fairs in Illinois, will be held on the fairgrounds on Rte. 45 about a half mile north of Rte. 120.

A new feature this year will be the tractor pulling contest on July 29. Tractors will pull in three different classes on the basis of tractor weight.

Youth exhibits by the more than 1,200 boys and girls enrolled in the county 4-H club program will be prominent in this year's show.

The 4-H members will have more than 2,000 exhibits entered in livestock, poultry, rabbit, handicraft, photography, clothing, cooking, home improvement, flower gardening, vegetables, potato, forestry, conservation, entomology competitions.

The exhibitors will share in the more than \$4,000 prize money allotted 4-H members.

Open class exhibitors will vie for more than \$14,000 in cash awards.

Nicholas said the fairgrounds this year will have more than 50 acres of land available for industrial,

New Grand Jury Opens Probe of Telephone Use

Three Antioch village officials earlier indicted for malfeasance for permitting gambling in the community appeared to be off the hook today.

The Antioch News learned exclusively that no future action will be taken against them by the state's attorney's office.

The officials, Murrill Cunningham, village president; Walter Scott, chief of police, and Herman Holbek, trustee, were freed, along with three local businessmen, after a DuPage County judge sitting in Waukegan quashed indictments against them.

He ruled that the grand jury that indicted them acted improperly in hearing testimony from a private investigator who obtained evidence naming the men.

The investigator, John Healy, a former Cook County deputy sheriff working for the Chicago Daily News at the time, was hired by the grand jury foreman to do undercover investigation work.

The village officials were indicted after Healy, who was shadowed by Lake County deputies during parts of his investigation, went before the grand jury.

The Antioch News' has learned that the state's attorney's office does not consider it feasible to reopen the case, despite a state Supreme Court ruling that the quashing of indictments can be appealed.

Although the men could be properly re-indicted, the state would have no witnesses to appear against them, other than Healy, who has been ruled out by the earlier decision.

Meanwhile the current grand jury has opened a new probe into reputed gambling activities in the community.

The group on Monday heard testimony from Walter Knaack, secretary of the Lake County Tavern Owners Assn., Gilbert McCormick, the organization's president, and an official of the Illinois Bell Telephone Co.

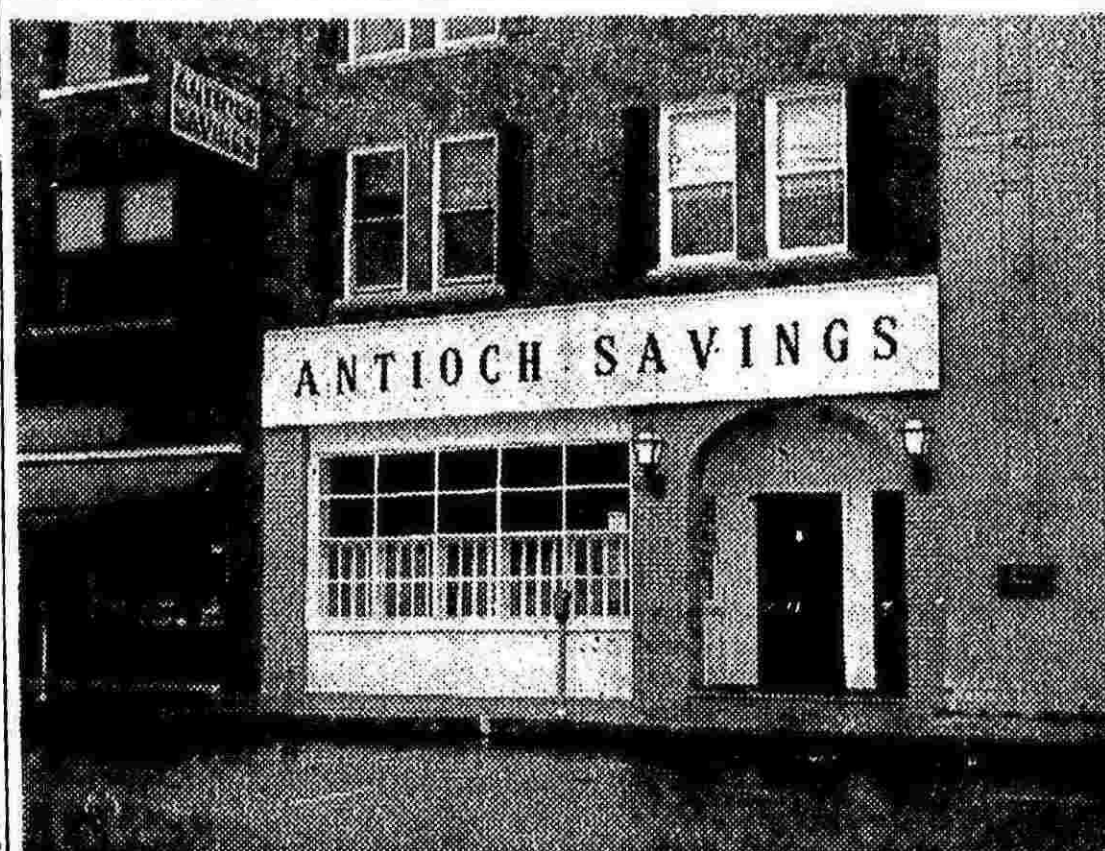

The telephone company executive reportedly brought in records pertaining to two Antioch telephone numbers, 776 and 1144.

Eugene Daly, first assistant state's attorney, said the phones are located in the basement at 907½ Main st. The front of the building is occupied by Walt's Barber Shop.

Daly said deputy sheriffs raided the building June 25 but found nothing out of the ordinary.

On that same day sheriff's police raided the Castle Tavern, Rtes. 45 and 173, and arrested the proprietor, William D. Turner, on a charge of operating a handbook.

Turner's case, before Justice of the Peace Carlton Smith in Waukegan, has been continued to Aug. 5. He was arrested after Deputy William Sheffer said he bet on horses in the tavern.

The welcome mat is out at Antioch Savings, 950 Main St., where a grand opening is now in progress. The main floor and basement of the building were completely remodeled, inside and out, for quarters for the community's newest savings institution. (Story in column three.)

DEAR READER News Editorials**Leave the Courthouse Be**

Back in the 1920s in Chicago a smart politician by the name of Anton Gernak wanted to do something for the people in his sparsely settled West Side ward. After a lot of hanky-panky he got Cook County to build its mammoth Criminal Courts building at 26th and California, about 11 miles from the Loop.

Ever since the building was dedicated on April Fool's Day, 1929, county authorities have been trying to put it back where it belongs—in the center of population, transportation, and business. The eccentric location has caused extreme hardship on attorneys, law officials, businessmen, and just plain citizens who must commute to the out-of-the-way structure and try to carry on downtown business at the same time. So now that the experiment has proved a colossal flop in Cook County a bunch of well-meaning folks are trying to push our County Board into a similar blunder.

If Lake County ever does replace its antiquated 1874 courthouse the new structure should be in the present county seat where it belongs. Scores of lawyers have located their offices around courthouse square for easy access to the building; the important title and trust company has just constructed new and expensive quarters nearby; many other businesses depend on the courthouse for livelihood—and Waukegan is served by the best transportation in the county.

As our able columnist, Lou Durkin, points out below, continued decentralization of county government will add to the cost of government and make it more inconvenient for the people who have business with the county.

We note with interest that a prominent member of the committee to move the building into the county is a notorious land speculator. Perhaps he has something to gain by the move.

BY LOU DURKIN

Procrastination scored another victory at Monday's meeting of the Lake County Board of Supervisors, and advocates of relocating the courthouse and county office building gained additional time in which to develop their fight to shift the center of county government from its present site on the courthouse square in downtown Waukegan.

Action on a resolution to transfer title to the square and the existing courthouse from the County of Lake to the Lake County Public Building Commission was deferred until the August meeting of the board.

Board Chairman Karl Berning broke a 16-16 tie on the motion to refer the matter so members of the board could study the resolution more closely.

It will be interesting to see how many of these "objectors" take time to go into the office of County Clerk Gar Leaf and actually study the resolution and its companion contract.

Waukegan Supervisor August Cepen, chairman of the public building commission, who was under the impression that the board was in full agreement on the need for a bigger courthouse, urged passage of the resolution to get the project off the ground.

Assistant Supervisor Frank B. Peers, of Deerfield, pointed out that there was nothing in the resolution or the contract which would make it mandatory to locate the new building on the site of present courthouse since the board of supervisors would retain full control over the design, size and cost of the new building.

Practically everybody got into the act on one side or the other and anyone unfamiliar with the normal conduct of the county board would have supposed that this was the first any of the supervisors had heard of a county building program.

It came to Supervisor Joseph Welch, of Cuba, in a flash of inspiration that the public building commission was "backdoor legislation designed to flaunt the wishes of the people of Lake County who had voted down a bond referendum for building purposes."

Supervisor Ken Henke, of Benton, decried what he called deception practiced on the people of Lake County because advocates of the building commission plan had declared that the building would be financed from rent charged to the county departments using the building and that no new taxes would be levied to meet the cost.

It is quite apparent that several thousand words will be bouncing off the walls of the board room before a new courthouse is built, and a bitter battle is shaping up over the location of the new courthouse if and when it is built.

But Supervisor Cepen made his position quite clear when he threw the raw meat on the floor and warned the board that if the courthouse is not built on the present site he will fight to restore the office of township collector.

Cepen and other shore line supervisors went along with the elimination of the township collectors to bolster the county income at the expense of their own township treasuries because they felt the money would be used to build a new courthouse on the present site and they would probably have enough strength to restore the collectors and reap the harvest of excess earnings for their own township use.

This was no idle threat from the Waukegan supervisor.

Repeated refusal of the board members to face up to the need for an adequate courthouse and county office building has already cost the county thousands of dollars because of repeated remodeling of the present structure, the purchase of the old Title and Trust Co. building on the west side of Utica St., the construction of new facilities for the county highway department and the rent of office space for other county departments outside the courthouse.

The continued decentralization of county government will add to the cost of government and make it more inconvenient instead of more convenient for the people who have business with the county.

The need for a modern, adequate county building is apparent and further delay in its construction will only add to the ultimate cost.

DEAR EDITOR Your Letters

Letters on your opinions are welcomed to this space each week. Equal weight is given on this page to your ideas and the paper's ideas on subject matter. Letters must be signed with complete names and addresses but will be withheld upon request. No letter should exceed 300 words.

DEAR EDITOR

Antioch News

Antioch, Ill.

Dear Sir:

In regard to Mr. Bunell's letter in the 16 June edition of "Dear Editor—Your Letters," I would like to correct Mr. Bunell. The "Expert Infantryman" award is not the highest award anyone can achieve during peacetime.

In the first place, "Expert Infantryman" is not an award, but in the same category as receiving your "Dolphins" in the navy "Submarine Service" or your wings in the "Airborne." I am under the impression that the "Expert Infantryman" badge is in the same category as "Sharpshooter" or "Expert Rifleman."

An expert infantryman is not made during peacetime, but during wartime. A few days in combat would determine if he is an expert or not.

In his letter, Bunell stated many interesting things that were happening to him. He did not mention anything concerning his job as

a "good will ambassador." During peacetime the main objective of the armed forces is "good will and the President's people to people program." We of the Sixth Fleet believe that if we had less egotistical expert infantrymen, and more expert "good will ambassadors," our job overseas would be much easier. We are not complaining about our hard work, as it is not very hard to participate in the "President's people to people program." We of the Sixth Fleet are proud of our fine record and the many friends and all the good will we have distributed among the Mediterranean countries.

If Bunell would think in terms of himself as a part of a great team—"The United States"—that has a big job to accomplish and work toward that goal, he would probably accomplish more in one day than in all his weeks in combat infantry training.

Respectfully,

Two Area Residents On Sewer Committee

Two Antioch area residents have been named to the 12-member committee to study means of handling sewage disposal and water on a countywide basis.

They are Harold Wilson, Antioch Township justice of the peace and local business man, and Mrs. Julia Chonis of Lake Villa, secretary of the Lake County Federation of Improvements Associations.

They were appointed by Karl Berning, chairman of the Lake County Board of Supervisors.

The committee was asked to "study and evaluate" the sewer and water situation and make recommendations for the County Board.

The first meeting of the group will be late this month, Berning said.

Groundbreaking For Addition To Condell Memorial Hospital

LIBERTYVILLE—A gold-plated trowel used in the cornerstone laying 33 years ago and a modern earthmoving machine were used in the formal groundbreaking ceremonies for the new addition to Condell Memorial Hospital Sunday afternoon.

The trowel, the same one used by the late Samuel Insull, one-time utilities magnate and patron of the hospital in the cornerstone laying on July 10, 1927, was wielded by Mrs. Irene McCormick, veteran operating supervisor at the hospital.

The earthmoving machine, a product of the Frank G. Hough Co., of Libertyville, was operated by Thomas Paine, president of the hospital board of trustees.

Explaining that the \$835,000 addition now under construction represented an investment greater than the total cost of the existing facilities Paine said, "Every newcomer to the community served by Condell Memorial hospital has a \$300 stake in the community the moment he makes his home here."

A University of Illinois agricultural economist says it is unlikely that prices of fed cattle will decline as sharply this year as they did last year. Less competition from pork and a slightly stronger demand will help to strengthen the fed cattle market in the next few months.

Two is company, and also safer when swimming. The "buddy system" is one of the best guarantees of safety for bathers. Avoid swimming alone in unfamiliar waters.

A real water comedian may have a sense of humor but he provides little to laugh about when he gets himself or another swimmer in trouble.

If you wish to get your name in the paper, try being a bad driver. Good drivers may not make news, but they do make it to their destinations safely.

If your social security disability claim was denied because of not enough recent work, take the denial letter with you and discuss it with your social security office. You may now be eligible, due to the 1958 changes in the social security law.

Slate Farm Field Day For September 21-23

Plans are rapidly taking shape for America's biggest farm field day, the annual Farm Progress Show sponsored by Prairie Farmer. The show this year will be held on the Donald Baltz farm on Highway 52, 7 miles west of Joliet, Ill.

The show, which last year drew more than 200,000 people in two days to the Elijah farm near Clarence, Iowa, has been extended to three days in order to take care of the large crowds and give commercial firms a longer time in which to demonstrate their modern farm machinery.

The dates this year are Sept. 21-22-23. The entire Baltz farm has been taken over for demonstration plots, fields to be harvested during the show, and parking areas.

An outstanding feature of the show this year will be construction of an all-new, modern farmstead which includes a model farm home and its complements of buildings such as machine shed, silo, cattle and hog feeding layouts, and granary.

There is no admission charge nor is there any charge for parking. This is the eighth year of the big field event which has steadily increased attendance until it is now beyond the 200,000 mark. No commercial concessions are permitted on the grounds except for food stands which are conducted by local churches.

Nixon Helpers Announced

Volunteer workers for Nixon for President are decorating a Nixon Volunteer booth for the Warren Township barbecue at the Viking Home in Gurnee July 31.

In charge of the activity is Norman Anderson, Waukegan, a Chicago law student.

Ellis E. Fuqua, Waukegan attorney, has been named chairman of the Midwest Volunteers for Nixon to cover Lake and McHenry Counties.

William Crick, Illinois community chairman, said Fuqua will supervise establishment of committees in both counties to work for Vice President Nixon's election this summer and fall.

A pioneer style campaign has been planned by the citizens' group to arouse the interest and support of independent voters, Democrats, and inactive Republicans for Nixon's election.

Highlight of the campaign will be the Overland Trek to Springfield Oct. 15 to commemorate the 100th anniversary of the election of Abraham Lincoln as President.

Caravans from five states — Illinois, Wisconsin, Indiana, Michigan and Ohio will assemble at the state capital for a mammoth rally and entertainment program at the state armory.

Mississippi Relatives Visit Homans Saturday

Dinner guests Saturday evening at the Russell Homan residence were Mr. and Mrs. Harvey Paugels, Dale, Mark and Wendy, of Greenville, Miss., and Mr. and Mrs. Harold Paugels, Barbara and Linda, of North Chicago.

The Paugels brothers are cousins of Mr. Homan and the Harvey Paugels family is spending its vacation visiting relatives in the Waukegan-North Chicago area.

Evening callers were Mr. and Mrs. Donald Homan and Donn of Twin Lakes, Wis.

Some drivers appear to know everything about cars except how to make them go slower. Traveling at speeds too fast for conditions is the leading factor in fatalities from highway accidents.

Pictured above are the newly elected officers of So-Mon Investigating Corp. of Round Lake Park. Left to right are William J. Wood, president and general manager, Ernest H. Hooper, vice president, and Michael Sopko, chairman of the board.

So-Mon Investigators Elect Wood President

William J. Wood has been elected president and general manager of the So-Mon Investigating Corp. of Round Lake Park.

Wood, a veteran deputy sheriff and investigator, joined the company six months ago as its chief investigator. He is also president of the newly formed village of Third Lake.

Other new officers of So-Mon are Michael Sopko, chairman of the board; Ernest H. Hooper, vice president, and Rosemary Sopko, secretary-treasurer.

Hooper came to the organization after 10 years with Brinks express armored car service.

So-Mon, started by Sopko who also owns a string of Robin Hood super marts, operates in the field of civil and criminal investigation, and has a patrol service using uniformed men and two-way radio equipped cars.

Antioch Man's Father Dies

Carl G. Westlund, 86, of Washburn, Wis., father of an Antioch man, died Tuesday in Victory Memorial hospital after a four day illness.

He was born June 26, 1874, in Varmland, Sweden, and lived in Washburn since 1895. He came to America two years previously.

He retired 21 years from the Chicago & North Western railway. He was a member of the Brotherhood of Way & Maintenance Employees Union.

Surviving are four sons, Ernest, of Antioch; Carl, Des Plaines; Clarence, and Ray, of Oildale, Calif.; five daughters, Mrs. Gertrude Peterson, Washburn; Astrid Parish, Rockford; Ethel Wickman, Ashland, Wis.; Agnes Miller, Chicago; and Alvida Rush, Amarillo, Texas; three brothers, Henning, Oscar, and Ed; a sister, Lavena; 11 grandchildren, and 4 great grandchildren.

Services will be today (July 14) at 8 p.m. in the Strang Funeral home, the Rev. Edmund Hood of St. Ignatius Episcopal church officiating. Graveside services will be Friday afternoon in Washburn.

Grass Lake Girl Scouts Tour the Land of Lincoln

A group of 27 Girl Scouts and leaders of Troop 6, Grass Lake, embarked on an adventure recently which will leave them all with many memories.

The adventure was a long-planned trip to Springfield and the New Salem State Park.

They arrived at New Salem early one afternoon and with the help of a cheerful bus driver, named Bruce, unloaded huge quantities of camp gear and set up a nice neat camp.

The next morning after the excitement of weathering the tail end of a tornado it was a very wet and sad looking campsite indeed. All the tents but one had stood, and that came down when the center pole snapped in two.

The undaunted group rallied and loaded all wet gear into the bus and headed for a tour of Springfield and dry clothes at a local laundromat.

Somehow practically everyone's uniform survived and the girls made a smart appearance at Lincoln's monument, Lincoln's home, the museum, state capitol, and a Dixie style Bar-B-Q chicken.

Back at camp that evening the girls slept in barracks at the New Salem Park because their tents were still soggy. There were double bunk beds, with accommodations for 40.

A group of Boy Scouts from Berwyn, who were hiking the Lincoln Trail, joined in a campfire songfest with popcorn and lemonade for all.

Once again busdriver Bruce proved invaluable leading songs and being himself a good Scouter.

Last was the tour of New Salem Park, before leaving for home. Here occurred the only accident on the trip when Shirley Reichenbach strained some leg ligaments. However she was walking again before too long and everyone was happy that nothing more serious occurred.

Leaders who took the troop on the trip were Mrs. Earl Beese, Mrs. Charlotte Queen, Mrs. R. W. Yancey, Mrs. Carl Reichenbach, Mrs. James Mueller and Miss Bonnie Reed, junior program aide.

Undergoes Surgery
Mrs. T. Earle Somerville of Antioch and Mesa, Ariz., underwent surgery Tuesday in Victory Memorial hospital in Waukegan. Her condition was reported satisfactory late Wednesday.

LINDENHURST SHOPPING CENTER is quickly taking shape in that community as this view of "Lindenhurst Plaza" taken late last week shows. Framework for a 30-foot sign advertising the center is shown near the building's main entrance at the right. Lindenhurst village board members early in June okayed a change in its rules so a sign up to 30 feet tall could be erected. The sign at the right in the photo indicates the shopping center will be open this fall. A Piggly-Wiggly super market and a bakery are certain occupants of this building. This scene is looking west toward the Shell Service station.

Home Gardeners Can Win Money

Home gardeners will be able to cash in on \$6,484.50 worth of prizes at the Illinois State Fair this year.

Harry Fulkerson, Grafton, superintendent of the agricultural department, said this year's premiums will go to those who demonstrate the best green thumbs in growing grains, seeds, fruits, and vegetables, and for the best regional exhibits.

One of the better paying competitions is the fruit section where the best and most artistic display of a variety of fruit will be awarded \$125 and a blue ribbon.

The 1960 fair will open at Springfield Aug. 12 and continue through Aug. 21.

Clever Clovers Win at Festival

The Clever Clovers 4-H Club of Antioch and Lake Villa participated in the Share-the-Fun Festival at Warren Township High school.

Their act, "Sequoia," won the first prize blue ribbon.

Participants in the act were Nancy Brockway, Pat Callahan, Marcia Kulp and Peggy McNeil, all Antioch high school students.

Music for the act was a recorded number of the Antioch Township High School band concert, in which the girls also took part.

The club is under the leadership of Mrs. Glen McNeil of Lake Villa.

The biggest parking problem is not lack of space. It's lack of drivers with enough skill to get into them neatly and safely.

Parking is easy if you: line your car up parallel to car ahead of space; back half way in, wheels turned sharply to right; back rest of way in, wheels turned sharply to left.

When backing in, always make sure that you will not be struck by passing traffic and that your parking area is clear of pedestrians.

Area Residents' Anniversaries Celebrated

Mr. and Mrs. Jerry Vogler of Lake Villa celebrated their 25th wedding anniversary on July 5 with an 11 a.m. Thanksgiving mass at St. Peter's church.

Vocal music was furnished by Mrs. Leonard Madden, Mrs. Rudy Eckert and Mrs. Ray Yancey, accompanied by Mrs. Arthur McGreal.

A buffet was served at Smart's, following the mass, to guests from Homewood, Lombard, Antioch and Lake Villa.

Several other anniversaries were noted among the guests attending. Mr. and Mrs. Stephen Erhard of Lake Villa, parents of Mrs. Yancey, were married 47 years ago, on July 5, and Mr. and Mrs. Frank Zeman of Antioch observed their 19th wedding anniversary on this date.

Antioch Marine Ends Training

Wayne E. Moran, son of Mr. and Mrs. Leo Moran of Route 4, Box 223, Antioch, graduated from recruit training July 8 at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Gulf Oil Political Contest Was Popular

Thousands of returns have been received in Gulf Oil Corporation's "Hat in the Ring" contest aimed at stimulating public understanding and interest in the office of the U. S. Presidency and the qualifications which candidates for the highest office in the land should possess.

R. F. Edgar, district manager for Gulf Oil Corp., attributed the flow of entries submitted through local service station outlets to growing public interest in the national political conventions and increased activity by all the leading candidates for the presidency.

Edgar noted that Gulf's national contest, which ended July 10, is completely non-partisan and not concerned with political views. Participants were asked to select a candidate and describe in 25 words or less why the candidate should be nominated for the presidency in 1960.

Reminds Drivers, Renew Licenses

SPRINGFIELD, Ill.—Secretary of State Charles F. Carpenter reminded drivers that applications for renewal of their driver licenses should be submitted to his office 30 days prior to the expiration date of the current license.

As a part of the state's traffic safety program, every application is checked against the driver control file to determine whether the applicant has any traffic law violation convictions on his record, any accidents or unsatisfactory judgments, and whether his license has ever been revoked or suspended, Carpenter said.

Because of the large volume of applications and because of the size of the driver control file, the 30 day period is required to make a thorough verification of the information submitted on the application, he said.

Lindenhurst Newcomers Are the Joe Rychlik

By Mrs. Bernice Bernau
LINDENHURST — Welcome to Lindenhurst, Joe and Barbara (Babs) Rychlik, of Rolling Ridge lane, formerly of Damen and Division in Chicago.

The Rychliks have three lovely daughters, Patricia 18, Cheryl 15, and Christine 12. Pat is working at Great Lakes and is being trained in the electronics division. She worked for the Veterans Administration Research hospital in Chicago, and was transferred to Great Lakes when she moved here. Pat likes roller skating, bike riding, drawing (she is quite an artist), loves to play records and is determined to learn how to drive.

Cheryl and Chris love horses. They used to go riding in Lincoln Park, but it was too confined. They are looking forward to riding out this way. Cheryl is anxious to get some jobs baby sitting to pay for her horseback riding. Cheryl is going to go into her second year of high school at Antioch and Chris will go into eighth grade at Lake Villa.

Joe likes fishing, bowling, watching baseball and is handy at making most anything he needs. Joe works for S. A. Hirsh Manufacturing Co., in Skokie.

Babs likes to read and bake. (Her cheese cake is out of this world). She just wants to take it easy and rest for a while and try and gain a little weight. They moved into their new home June 18, so these past three weeks have been busy ones for her, with packing and unpacking. She also is determined to learn how to drive.

We must not forget Eloise, the family dog. She is four years old and barks a lot but is very friendly.

Their weekend guests were Babs' parents, Mr. and Mrs. Paul Genda, her brother, Walter, and her sister, Dolores and her husband, the Hank Clementes and their son, Jimmy.

Saturday Deadline for School Board Candidates

FOX LAKE—July 16 is the deadline for filing for candidacy for the seven-member board of education of Lotus Country School District 10. A special election will be held from noon to 7 p.m. in Lotus school on August 8.

County Supt. of Schools W. C. Petty of Antioch said a special census conducted at the request of residents of the district indicated the district is qualified under state law to have a board of education instead of the present three-man board of directors.

Modernize with a new built-in flameless electric range

New electric built-ins bring new beauty, new smartness to your kitchen. Make cooking a lot cooler, too. The oven is insulated on all six sides. Surface units transfer heat directly into the pans—not around them. Your kitchen stays at least 10 degrees cooler and a lot cleaner.

No stooping or bending. Electric ovens are waist-high, take up less space—because broiler is built into oven. Compact range top gives you more usable counter space.

By Mrs. Pearl Kapell

CHANNEL LAKE—Donald Behling, principal of Channel Lake School, resigned from this position in a letter received July 9 by Lee McKinney, president of the school board.

Behling stated that he wished to devote his time to serving as a representative for World Books.

McKinney announced that he will welcome applications for the position left open by Behling's resignation—combined principal and teacher of the eighth grade.

The majority of the board feel that applications from male teachers should be given preference.

Dr. and Mrs. William E. Davern, of Chicago and Channel Lake Bluffs, celebrated their 31st wedding anniversary July 4 with a party at their home on Grapevine ave. About 40 relatives and friends were present to congratulate them on the occasion.

The Daverns were married in Chicago. Dr. Davern is a physician and surgeon. The couple has seven children—William, Robert, James, Katie, Mary (Mrs. William Chase), Mrs. Betty Kolle, and Jean (Mrs. Bill Morris) of Antioch. They also have 10 granddaughters and one grandson.

Ted's Radio & TV has done it again. The team which took first place in the Wednesday night bowling league was notified last week that it had brought home second place—and \$500—from the team tournament in Whitewater, Wis.

The team bowled in Whitewater on Feb. 28, and the tournament ended on May 1. Members of the team thought they had taken third place, until notified last week that, because of incorrect averages submitted by the second place team, the Antioch team was promoted to second place.

Members of the team are Val Nicpon, Emil Wesa, Paul Heath, Ted Palmer and Art Nowakowski.

Mr. and Mrs. Ralph Dowell and children, Sharon, Mary Ellen and Ralph, Jr., took a three-day trip through Southern Illinois and along the Mississippi River last week.

Staff Sgt. James Isaacs of the Air Force spent 10 days at the Paul Chase home on his way from Nebraska to his new base in Detroit. Sgt. Isaacs, whose home is in Oregon, left Channel Lake July 11.

Mrs. Dorothy Olson and Miss Dorothy Olson have spent the last month touring Canada and the western United States. They will visit at the home of their son and brother, Franklin Olson of Los Angeles, and then at the Carl Flowers home in Tucson, Ariz. Mrs. Olson plans to spend the rest of the summer at the home of her daughter, Mrs. Flowers.

Mr. and Mrs. Eugene Johnson, former residents of Channel Lake, now living in Casey, Ill., spent the weekend at the Chase home recently, enroute to a summer camp in Wisconsin with their daughter.

At the June 28 meeting of the Auxiliary of Troop 86, the group made tentative plans for an ice cream social to be held July 30.

Eleven boys from Boy Scout Troop 86 left on July 7 for a two-weeks stay at Camp Ma-Ka-Ja-Wan in Wisconsin. Elmer Eberman, Don Behling and Al Gruidl provided transportation to the camp for the boys. Scouts who went to camp this year are Al Gruidl, Joe Ring, John Ring, Bob Willis, Rodney Patterson, Mike Roepenack, Terry Senesman, Roger Eberman, Tommy Hucker, Cal Trussell and Kevin Jarvis.

and Al Reckers, Shannon ave., left on Saturday for two weeks training at the Marine Corps Cold Weather Training Center at Bridgeport, Calif. They are members of the Marine Reserves, and spend two weeks each summer in training. The camp is at an altitude of 5,000 feet, which all adds up to making it pretty rough going for young men who have let themselves get out of condition.

Alicia Hucker, daughter of Mr. and Mrs. Jack Hucker, had a party to celebrate her first birthday on July 5 at the home of her grandparents, Mr. and Mrs. Ted Hucker.

Mrs. William Chase, Channel Lake Bluffs, was recently elected president of the American Legion Auxiliary. Mrs. Thomas Chase was elected Secretary of the organization. The new officers will be installed some time in August.

S. N. Jack Hucker, who has been home on leave from the navy, flew back to Long Beach, Calif., July 8. His wife, Phyllis, and children are remaining at the Ted Hucker's while Jack is on duty.

Mr. and Mrs. Robert Bolton and family moved from Channel Lake to Zion on July 9. We're all sorry to see the Boltons' leave.

There will be a committee meeting of Cub Scouts of Pack 86 on July 14.

Mr. and Mrs. David Worswick of San Bernardino, Calif., left Channel Lake Friday after spending two weeks at the home of Mr. Worswick's brother, James Worswick of Woodbine Subdivision. They were accompanied by Lenore Cramer, daughter of Dave Worswick, and her two daughters, Diane, 10, and Laura, 8, of Henderson, Nev. The Worswicks motored from California and are also planning to visit another daughter, Marguerite Runquist of Clear Lake, Wis., and relatives in Chicago. They moved to California from Maywood, Ill., in 1945.

Mrs. James Worswick plans to attend a reunion of the Jane family (Ruth's maiden name) at Buchanan, Mich., July 17. When she returns home she will bring her two grandchildren with her for a visit.

The Jerry Kaleths, who moved from Channel Lake to California early in June, have written that their new address is Pasadena, Cal., not Altadena, as previously given. They had a pleasant trip to their new home, and Mrs. Kaleth was thrilled to find that a feature of their home was their own swimming pool.

Mr. and Mrs. Harry J. Riess are spending the month of July at their summer home in Woodbine Park, accompanied by their two grandchildren, Christine and David Abt of Detroit. Mrs. Abt, daughter of the Riess,

Stocks Ready For Big Races

WILMOT, Wis.—The powerful and mighty modified stock cars will resume racing at the Kenosha County Fairgrounds Speedway in Wilmot Saturday night.

The last two Saturday nights were complete washouts due to heavy rains.

Ed Stillman, Milwaukee, currently tops the points standings with 32, followed by Jack Frost, Zion, with 20 points. Milt Curcio of Racine is third with 25 points, Bob Ratajczyk, Kenosha, is fourth with 24 points, and Norm Nelson, Racine, is fifth with 21.

Amateur events and first races begin at 8:30 p.m.

Lake Villa Driver Wins Stock Car Race

WAUKEGAN—Only inches separated the first and second place drivers at the finish line in Sunday night's modified stock car racing program at the Waukegan speedway.

Greg Krieger, Milwaukee, became the feature victor for the fourth time this season as he edged out veteran driver Milt Curcio, Racine, by less than 12 inches.

The narrow margin prevented Curcio from scoring his first 1960 victory at Waukegan.

For the seventh consecutive week Krieger posted the evening's fastest qualifying time when he turned the slick oval at a speed of 51.70 m.p.h.

Krieger was, however, stopped from making a clean sweep of events when Bobby Ratajczyk, Kenosha took the fourth heat race away from Curcio, with Krieger placing third in that event.

The night's amateur race for the strictly stock automobiles was another scorekeeper's nightmare as 25 of the jalopies took to the track for 15 laps.

Surprisingly, 13 managed to finish, and after the race was over, the undisputed winner was Herb Dameron of Lake Villa, who had led from the start of the event and expertly managed to avoid the spins and crashes of other drivers to go on for the win.

Mrs. Helen Volk, home adviser, and Mrs. Suzanne Knigge, assistant home adviser, said 58 home economics clubs, with 848 members are participating in 1,398 projects.

In preparation for the forthcoming County Show and Fair a records, modeling and demonstration training school was held for all home economics members in the auditorium at the fairgrounds.

Six former State Fair clothing winners presented a modeling demonstration to prepare other 4-H girls for the style review. Models were Peggy McNeil, Lake Villa; Sherry Ward, Prairie View; Sandra Parker, Mundelein; Susan Crook and Marilyn Wagner, McHenry, and Nancy Mercer, Gurnee.

All coming events connected with the 4-H home economics shows will be held at the fairgrounds, on Rte. 45, a half mile north of Rte. 120, near Grayslake, in the Farm Bureau auditorium.

The Food Demonstration contest will be held on Tuesday, July 19, from 9 to 12 a.m. Clubs will choose their best demonstrators to take part in this contest. One demonstration will be chosen to represent Lake county at State Fair. Five other blue ribbon demonstrators will be chosen to go to the state fair. The public is welcome.

The judging of skirts made by girls in the "You Learn to Sew" project will be hung up and judged in the auditorium. All entries to be in by 10 a.m., Wednesday, July 20. One grand champion skirt will be chosen. These skirts will be modeled by their owners in the Style Revue on Thursday.

On Thursday, July 21, from 9 to 12 a.m. there will be judging advanced garments made by girls in the "You Make Your Own Clothes" project. The girls will wear garments they made and appear before judges; the entire ensemble is taken into consideration when judged. At noon hot dog sandwiches, milk, pop and ice cream will be available in the auditorium kitchen.

The big event of the summer, the 4-H style Show will be from 1:30 to 3:30 p.m. on July 21. This event is open to the public. All girls enrolled in clothing will model the skirts, dresses or other garments they have made in the mammoth style show. Nine models will be chosen to represent Lake county at the State Fair.
